October is National Dental Hygiene Month

We would like to acknowledge and recognize our hygienists:

- Ann Dohm**
- Bridget Kajer**
- Jill Meighen**
- Marianne Neff**
- Chris Zanocco**
- Lisa Zunker**

as exceptional members of our dental team.

"A Healthy Smile Lasts A Lifetime!"

As part of celebrating Hillside's 40th Anniversary we held a photo contest where Hillside Dental families could submit their generational photos. Our winners submitted their four generation photo: Lowell & Bernice Green, Dan Green, and Leah & Brynna Niedfeldt and received a gift of dinner certificates.

HOLIDAY GIFT IDEAS

Are you like many of us with hard to buy for people on your Holiday gift list? Consider a dental gift. A Sonicare toothbrush is a wonderful, healthful gift. There is an additional Sonicare \$10 rebate available. Sonicare Brush Heads are a great stocking stuffer and have a \$5 rebate. Other ideas include certificates for professional tooth whitening or a gift card toward the account. Just ask us!

Been "Green"/Going Green"

Even the dental office can help to reduce our impact on the environment!

We continually look for ways to conserve. The most recent change is our "goodie bags". We now use a biodegradable plastic variety. Other environmentally conscientious things include: recycling light bulbs; recycling paper, glass and aluminum; aerators on the faucets; low flow toilets; recycling batteries and ink cartridges. You may not know there are metals in x-ray fixer solution and in film packs. We recycle the lead from the film packs and send the fixer for silver reclamation.

Hillside is now a premier provider for.....

WEIRD THINGS.....
Americans on average eat 18 acres of pizza every day.

Dr. Hutchinson and Linda along with other Hillside Dental staff volunteered for the annual Headstart dental screening program held each fall.
